Profile

I am a dedicated and ambitious individual with a strong passion for development and continuous learning. I thrive on solving complex problems and am committed to improving my skills through hands-on experience and new challenges in the field of development.

Professional Experience

ArcanaInfo

September 2025 – Present

IT Support Engineer

Islamabad, Pakistan

- Proactively monitored and maintained IT systems to ensure operational continuity and meet service level agreements
- Performed root cause analysis by systematically monitoring and investigating system logs to identify and resolve incidents.
- Owned the client transition process, from conducting training sessions in the staging environment to managing their successful migration to production.

AG Infotech

April 2024 – August 2024

Backend-Developer Intern

Islamabad, Pakistan

Contributed to backend development by creating REST APIs with NestJS, managing databases using PostgreSQL and Prisma ORM, and implementing authentication with JWT. Gained expertise in JavaScript, TypeScript, and dependency.

Education

BS in Computer Science

2021 – 2025

National University of Modern Languages

Rawalpindi, Pakistan

Core Subjects: Web Programming, Operating System, Mobile App Development, Computer Graphics, Project Management System, Python, Advance Object-Oriented Programming, , Computer Networks, Database System.

Projects

Jenkins Flask API & Logging System

Developed a CI/CD-enabled Flask app APIs , deployed via Jenkins and Docker on AWS EC2.

Dockerized Auth Hub

An authentication system enabling secure user registration and login with JWT-based access control. Containerized for scalability using Docker and deployed via nginx for production readiness.

Develop Ecommerce-APIs using NestJS & Prisma

Implemented modules for Products and Orders, including CRUD operations, user authentication, and Swagger documentation for API testing.

Kidney Stone Prediction System

Develop AI model for prediction and Appointment management system using python, Django and SQLite.

Certificates

Certificate of Internship

Internship as backend-developer at AG Infotech

Certificate of Participation in CTF

Participated in a CTF at Military College of Signals
